The Race Committee wishes to thank Phil Lowry for preparing and plotting maps of the Wasatch 100 race course from Kaysville to the finish at The Homestead Resort in Midway. The Downloading and Printing Instructions may be helpful for you if you are trying to print these maps. They will print directly from your browser but you may lose detail or part of each of the maps.

Your browser may load each map in full size and then suddenly condense it so the image can be viewed on one screen. To be able to scroll through the full size map and see the original detail, place your cursor anywhere on the map. With newer browsers such as Internet Explorer 7 or greater you can just click anywhere on the map to bring it to full size. With older browsers a square with 4 arrows will appear in the lower right hand corner of the map. Click the center of the square and you will again have a full size image.
