PRINT NAME OF SUPERVISOR \_\_\_\_\_

AGENCY ADDRESS \_\_\_\_\_

- Complete your **8 hours of trail work** as soon as possible and email the signed form **no later than August 15<sup>th</sup> to [info@wasatch100.com](mailto:info@wasatch100.com)**.
- Set up a time to complete your trail work. Let the agency you are working through know that you need to complete 8 hours of **supervised** volunteer work on trails with them prior to our August 15th trail work deadline. **We prefer that you do your trail work with the Forest Service whenever possible.** We realize that Forest Service dates may be full so remember there are a number of other or organizations where you can do your trail work. **For local runners** the 2025 RACE link on the main menu has a Trail Work Opportunities section that will provide sources of both Forest Service and other acceptable trail work along the Wasatch Front as well as contact information. **Please do not pressure agencies to create special trail work opportunities or self-supervised trail work for you.** When you perform your trail work take your trail work form with you. The agency you are working with will not have our form. **For those of you living in areas where you have limited access to Forest Service projects, or live in another country,** your trail work can be done with other trail organizations, or your local parks and recreational organizations where you live. **Eligible trail work** will include maintenance of existing trails or building new trails under the supervision of the agency where you are working. **If you have any questions as to the acceptability of the work you choose please contact us. PLEASE NOTE THAT WE DO NOT ACCEPT** marking trail for or volunteering at another race as satisfying our trail work requirement, coordinating or training others to do trail work, or trail work performed for entry into another race. Unless there is absolutely no other choice, we also do not accept garbage pick-up.
- **COMPLETELY FILL OUT THIS FORM AND EMAIL IT TO: [info@wasatch100.com](mailto:info@wasatch100.com).** Scan, or take a picture, of and email your report form. Once the runner list has been posted on our website, after about 3-4 days please check the list and make sure a YES has been placed in the Trail Work column after your name. **Be sure we receive your completed trail work form no later than the August 15<sup>th</sup> deadline. Do not rely on the agency you volunteer with to scan and email your report as it may get lost in the shuffle. All work must be performed after the previous year's race is over.** You are not officially entered until this report is received. If your trail work is not received by the deadline your acceptance into the race will be revoked.
- **PLEASE DO NOT WAIT UNTIL THE LAST ONE OR TWO WEEKS TO SCHEDULE OR PERFORM YOUR TRAIL WORK. SOMETHING COULD PREVENT YOU FROM COMPLETING THE WORK AND NO EXTENSIONS WILL BE GIVEN.**
